Objective:

I am in love with programming. I have a long-term goal to work in software development. I am a life-long learner, and enjoy the hardest of challenges. I also have extensive hobbyist and freelance experience in web design. I hope to grow, contribute to, and to provide high value within your team.

Education:

Web Development, C.C. Lansing Community College

May 2024 – May. 2025

Relevant Coursework: HTML, CSS, JavaScript, jQuery, Python, Object Oriented Programming

GPA: 4.0

Employment:

Strategic Support Associate, Jackson National

(21hrs/week) Dec. 2024 – Present

- Transcribed incoming documents into typewritten format, allowing for system access and retrieval.
- Processed confidential customer data with care to meet all safety protocols.
- Communicated with financial professionals over telephone to verify outgoing fund transfer status.

Web Designer, Freelance

(7-10hrs/week) Dec. 2024 – Present

- Communicate with clients and provide visual choices to resolve conflicting requirements.
- Maintain steady progress while working part-time and attending school part-time.
- Develop modern, maintainable code-bases via HTML, CSS, and CSS architecture patterns.
- Develop Figma mock-ups and convert to pure code.
- Achieve 90%+ accessibility score via semantic HTML.

Technical Skills:

- **Front-end:** HTML, CSS, JavaScript, jQuery
- **Back-end:** C#, .NET, SQL (Basics), Python
- **Tools:** Visual Studio, Git, Word, Excel, Access, Forms, PowerPoint, SharePoint
- **Exposure to:** Java, T-SQL, SSMS, PostgreSQL, Razor, WCAG, ARIA, Linux, AWS

Hobbies and Passions:

- **Volunteering:** I frequently volunteer at St. Luke Church to assist in meal preparation, serving, and cleanup for homeless individuals. I've been helping to provide nutritious meals on-site since December of 2024.
